DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

None of the cited prior art teaches or discloses in the claimed environment the ability of a phase Error calculating circuit based on a difference between first and second sampled values and a difference between second and third sampled values of consecutive first, second and third sampled vales of a readout signal as recited in independent claims 1 and 19.

None of the cited prior art discloses or teaches in this environment the above noted phase error calculating circuit vase on difference between an absolute value of a difference between first and second sample values and an absolute value of a difference between the second sampled and a third sampled valued prior undergoing Viterbi algorithm processing as recited in claim 18.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Aristotelis M. Psitos whose telephone number is (571) 272-7594. The examiner can normally be reached on M-Thursday 8 - 4.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, William R. Korzuch can be reached on (571) 272-7589. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
